Past Workshops

2020 August 3-14. ASPECT Hackathon. Virtual

2020 July 27-31. Tectonics Community Science Workshop. Virtual

2020 July 20-24. 2020 Tectonics Modeling Tutorial, Virtual

2018 June 10-14. 2018 CIG Mantle Convection and Lithosphere Dynamics Workshop joint with CGU , Niagara Falls, Canada

2018 April 25-27, CTSP: Coupling of Tectonic and Surface Processes, Boulder, CO

2017 August 27-31. 2017 International Workshop on Modeling of Mantle and Lithospheric Dynamics

2016 September 24. [GSA 525. Introduction to Numerical Modeling of Lithospheric Deformation in Matlab](#), Denver, Colorado.

2016 June 23. [Underworld II Tutorial](#), Davis, California.

2015 August 31-September 5. [14th International Workshop on Modeling of Mantle and Lithosphere Dynamics](#), Oléron, France.

2014 May 4-8. [CIG Mantle and Lithospheric Dynamics Workshop, Joint with the Canadian Geophysical Union 2014](#) , Banff Canada.

2014 February 3-4. [2014 CIG-!EarthScope Institute for Lithospheric Modeling Workshop](#), Tempe, Arizona.

2012 July 29 -August 2. [2012 Mantle Convection and Lithospheric Dynamics Workshop](#), University of California, Davis.

2011 May 17. [Pylith and GALE tutorials at Earthscope](#), Austin, Texas.

2011 October 8th. [GALE/Underworld Tutorial at GSA](#), Minneapolis, Minnesota.

2010 July 26-29. [GLADE Workshop From grains to global tectonics](#), University of California, San Diego.

2009 August 5-6. [Gale Developer Meeting 2009](#), California Institute of Technology.

2005 June 10-12. [Geodynamic Modeling of Tectonic Processes 2005 Workshop](#), Breckenridge,
