NEXT SCHEDULED MEETING: TBD

Activities will be posted approximately 1 week after each meeting.

LAST MET ON: 9 DECEMBER 2013

Present: Jed Brown, Eric Heinen, Marc Hesse, Matt Knepley, Richard Katz, Marc Spiegelman, Cian Wilson

Absent: Mark Behn, Garrett Ito

We met to discuss restarting the CIG effort in magma dynamics and the key steps needed over the ~one first year. We considered technical and design issues related to discretisation, implementation, and solvers for models of magma dynamics. We re-evaluated the standing CIG Magma proposal in terms of current developments and where we would like CIG to go.
