

2008-2013 Work Plan

Short-Term Crustal Dynamics Priorities

Short-Term Crustal Dynamics Working Group priorities for Sep 2008 – Aug 2013.

Year 1: Sep 2008 – Aug 2009

- Continue development of PyLith
- See PyLith Development Plans

- ??
- Workshop??

2: Sep 2009 – Aug 2010

Continue development of PyLith
??

Sep 2010 – Aug 2013, CIG-II

ue development of PyLith
orate with computer scientists in developing robust mesh generators for geologic applications.
orate with computational scientists in developing efficient, scalable solvers/preconditioners for
uake cycle problems.
